# RESHAPING *the future of community development*

What began as a small grassroots organization in 2001— housing underserved individuals in Vine City — has since grown into an effective and state-wide nonprofit organization serving many. Yet, one thing has remained the same. **We are and have always been — for the community.**

**QuestCDC is a pioneering force in affordable housing development in Georgia** and committed to creating housing stability for residents at the lowest income levels. With a focus on social equity and economic inclusion, QuestCDC is dedicated to transforming communities and improving the lives of Atlanta's most vulnerable residents.

**We work with over 75 nonprofit partners across Georgia** to deliver a host of social, financial, and health-related services for nearly 1,100 clients and residents annually.
